1	Introduction	1
1.1	Background	1
1.2	Aims and approach	3
1.3	Research questions	4
1.4	Thesis structure	4
2	Technical background	5
2.1	Nonwoven fabrics	5
2.1.1	Manufacturing of nonwovens	6
2.1.2	Nonwoven wipes	10
2.1.3	Market overview of the nonwovens and wipes industry	13
2.2	Nonwoven wipes in the wastewater system	15
2.2.1	Impacts on wastewater utilities due to nonwoven wipes	16
2.2.2	Studies on the amount of nonwoven wet wipes in urban wastewater	20
2.3	Flushability	23
2.3.1	Standardisation efforts	23
2.3.2	Flushability guidelines and specifications from industry and organisations	25
3	Material and methods	33

3.1	Survey among wastewater utilities regarding operational problems due to nonwoven wet wipes	33
3.1.1	Structure of the survey	33
3.1.2	Implementation of the survey	34
3.1.3	Analysis of survey results	35
3.2	Survey among the general public regarding use and disposal of nonwoven wet wipes	36
3.2.1	Structure of the survey	36
3.2.2	Implementation of the survey	36
3.2.3	Analysis of survey results	37
3.3	Field experiments in the wastewater pumping station	37
3.3.1	Pumping station	37
3.3.2	Analysis of pump blockages	39
3.4	Laboratory experiments	40
3.4.1	Test pump	40
3.4.2	Test stand	40
3.4.3	Testing procedures	41
3.4.4	Investigated nonwoven wet wipes	43
3.4.5	Wastewater classes	43
3.4.6	Preparation of nonwoven wipes for testing	44
3.4.7	Analysis of laboratory results	45
4	Results	46
4.1	Results from the survey among wastewater utilities regarding operational problems due to nonwoven wet wipes	46
4.1.1	Sample description	46
4.1.2	Wipe-related operational problems in wastewater systems	48
4.1.3	Financial impact of wipe-related operational problems in wastewater systems	51
4.1.4	Approaches to solving wipe-related operational problems	53
4.1.5	Future approaches to wipe-related operational problems in wastewater systems	57
4.1.6	Interim summary and conclusions from the utility survey	59
4.2	Results from the survey among the general public regarding use and disposal of nonwoven wet wipes	60
4.2.1	Sample description	60
4.2.2	Private use of nonwoven wipes	61

4.2.3	Disposal of nonwoven wipes	63
4.2.4	General awareness regarding moist toilet wipes and flushability	66
4.2.5	Interim summary and conclusions from the user survey	69
4.3	Results from field experiments in a wastewater pumping station	70
4.3.1	Interim summary and conclusions from the field experiments	75
4.4	Results from the laboratory experiments	76
4.4.1	Interim summary and conclusions from the laboratory experiments	88
5	Summary and discussion of results	90
5.1	Summary of results in the context of the research questions	90
5.2	Summary of uncertainties and weaknesses	93
6	Conclusions and recommendations	95
7	Outlook	100
